

Media Permission Slip (family)

There are times during the school year that photos of students are taken or school activities are videotaped. On occasion, we would like to publish, display or circulate these photos or videos to help publicize our children’s accomplishments and help prospective St. Michael School parents learn more about what the school has to offer. We are proud of what our children are capable of and would like others to know about it.

Nonetheless, you may have a good reason for not having your child’s photo released. If you do, we need to know this.

Therefore, please indicate below your decision concerning this matter. Your indicated decision will remain confidential.

Please make a selection:

- I have no objection to the display, publication, circulation or broadcast of a picture or videotape of my child(ren) partaking in a St. Michael School-related presentation or activity.
- I DO NOT want any display, publication, circulation or broadcast of a picture or videotape of my child(ren) partaking in a St. Michael School-related presentation or activity.

Signature of parent(s) or guardian(s)
